

# The GoFax App

With a simplified and user-friendly dashboard, it's now easier than ever to send and receive fax & SMS messages on-the-go via the all-in-one GoFax® App.

Compatible across Windows®, Mac®, Android™ and iOS, it works on any device with an internet connection including mobile, tablet or desktop.

## KEY BENEFITS

- ✓ **Multi-Purpose Credits** - Use your account balance to send fax or SMS
- ✓ **Free to Download** - No cost to download or get setup across devices
- ✓ **No Contracts** - Cancel at any time, with no lock-in contracts.

## KEY FEATURES

We designed the GoFax App with all the features you know and love.

-  **Quick Send** - All that you need to easily send fax and SMS from the palm of your hand.
-  **Manage Inbox & Outbox** - Have quick access to sent and received fax and SMS history.
-  **High Quality** - Continue sending faxes in standard or high quality when required.
-  **Fax Cover Pages** - Have the option to attach a cover page to a fax document.
-  **Fax Campaign Scheduling** - Get your fax ready for deployment while on-the-go and schedule it to be sent later.
-  **Cloud Connection** - Upload fax documents directly from Google Drive™, Dropbox™ or OneDrive™.

## Get started with the GoFax App today

1. **Download** the GoFax App to your mobile, desktop or tablet.
2. **Login** to the GoFax App using your GoFax email address or account username and password
3. **Start sending** and receiving fax and SMS instantly!
